[How Savvy Genealogists Search a Database \(\\$\)](#)

"Searching databases can be frustrating," writes Judy Rosella Edwards in her article, "How Savvy Genealogists Search a Database." A wealth of information is contained in the various genealogy databases accessible today. Even so, drilling down to that treasure can be a challenge. A little search "savvy" can go a long way to helping researchers surface the information available. In her article, "How Savvy Genealogists Search a Database," Judy Rosella Edwards offers some practical advice, for singling out an ancestor or a piece of data among the many variants that exist.
